

Élan Youth Arts Organization  
Job Description

Division: Élan Percussion

Title: CYMBAL TECH

Reports To: Program Coordinator, Ensemble Coordinator, Battery Manager

Version: August 29, 2023

### **General Description**

Élan Percussion's CYMBAL TECH is tasked with being the central and point person for all matters related to leading the Élan Percussion cymbal section.

When required and/or necessary, the Cymbal Tech will assist in recruiting efforts for cymbal line prospects, as well as be the primary elector of individuals that will comprise the Élan Percussion cymbal line membership.

As the lead figure of the cymbal line, the Cymbal Tech will be integral in designing and writing the educational curriculum – including a technique program – that will be disseminated to prospective students and will lead the educational efforts to equip the membership to successfully achieve the curriculum.

Duties and responsibilities include, but not limited to:

- Lead the educational efforts based on the defined technique program
- Participate in ensemble meetings when required
- Participate in workshops, auditions, and performances
- Review recorded judges' commentary and participate in post-contest critique if needed
- Report maintenance requirements to the administration

Qualifications:

- Experience with a Word Class level organization as a performer and/or instructional staff member
- Ability to pass a background check
- Completion of SafeSport Training and harassment prevention training
- Ability to work independently and as a member of a larger team
- Ability to learn from senior staff and adapt as necessary
- Ability to commit to the role and prioritize responsibilities

To be considered for this role, please email your resume to [elanyoutharts@gmail.com](mailto:elanyoutharts@gmail.com), with the position in the subject line.
